# Our experience/success

---

Gehrer has been a trusted partner for security systems for **40 years**

**70%** of cash in Switzerland is transported  
via our systems

We work with public and private sector clients  
and are present in more than

**20 European countries**

Many **leading CIT** companies trust in our systems

# Our products

---

- SAT – Security briefcase for the safe transportation of cash and valuables

- CCS Si – Cash Collecting System

- ILS – Intelligent Lightweight Safe

- Viper – Security Container for the transportation of valuables

- Gecko – Valuable Rack System

# SAT Security Briefcase

---

## SAT Security Briefcase for transport of valuables

The SAT security briefcase has been developed for the transport of value in various sectors for companies as well as for individuals. It is used specifically for the transport and short-term storage of money and securities.

The SAT can be equipped with either smoke coloring or ink staining.

# SAT Security Briefcase

---

- Safeguarding valuables against snatching and loss during transport
- Safeguarding valuables against theft and spying whilst stationary
- Prevention of complicity and misuse

- Protection of the courier against attacks and suspicion
- Protection of contents (through coloring)

## SAT success story

---

Our SAT security briefcase is a success stories itself for almost **40 years**

Different companies, such as **banks, insurances,** and **post**

**offices** are using our SAT Security Briefcase

**80%** of the banks in Switzerland use a SAT

For almost **40 years** slovakian post is working with our SAT

Post Latvia works for over **10 years** and are having more than **200** in use
