Tecnosicurezza is a leading company in the design, manufacture and supply of electronics locks and security systems for safes, vaults and ATMs.

Established in 1983, Tecnosicurezza has been for over thirty years at the forefront of development and design, collaborating with multiple industry partners to raise standards, refine technology and expand features.

Our mission is to use our experience to meet the challenging and changing needs of the market, adapting and developing the best technology available, to provide a complete solution for our customers.

As well as being certified to ISO9001, we continuously ensure that our business operations are held to the highest standard.

Ongoing technical training and development, a dedicated R&D department and investment in advance assembly and testing equipment has also allowed us to be recognised as a “manufacturing plant for Vds approved products according to Vds 2344”.

Pulse keypads (in ABS)

PRODUCT	CODE	OPT.	DESCRIPTION
	T6430/B/BR		Pulse keypad in ABS. Black colour. Rubber membrane foil keypad. VdS Class 2.
	T3300		Rotating back plate kit for Pulse and Pulse PRO keypads. It transforms the Pulse/Pulse PRO keypad in a rotating keypad. To be used with StraightBolt and SpringBolt locks.

Pulse keypads (in metal)

PRODUCT	CODE	OPT.	DESCRIPTION
	T6530		Pulse keypad in metal. Satin chrome colour. VdS Class 2 - UL type 1.
		/DL	Option with Dallas key reader.
		/BR	Option with rubber membrane foil keypad in black colour.
		/GR	Option with rubber membrane foil keypad in grey colour.

PRODUCT	CODE	OPT.	DESCRIPTION
	T6530/G		Pulse keypad in metal. Grey colour. VdS Class 2 - UL type 1.
		/DL	Option with Dallas key reader.
		/BR	Option with rubber membrane foil keypad in black colour.
		/GR	Option with rubber membrane foil keypad in grey colour.
	T6530/B		Pulse keypad in metal. Black colour. VdS Class 2 - UL type 1.
		/DL	Option with Dallas key reader.
		/BR	Option with rubber membrane foil keypad in black colour.
		/GR	Option with rubber membrane foil keypad in grey colour.
	T3300		Rotating back plate kit for Pulse and Pulse PRO keypads. It transforms the Pulse/Pulse PRO keypad in a rotating keypad. To be used with StraightBolt and SpringBolt locks.

Low profile keypad

PRODUCT	CODE	OPT.	DESCRIPTION
	L3125		Low profile keypad in metal. Black colour. Rubber keys. Rotating. VdS Class 2 - UL type 1. N.B. it requires the battery box N077.

Pulse locks (2 users)

PRODUCT	CODE	OPT.	DESCRIPTION
	UR4020		Universal RotoBolt lock. 2 users. Half size standard footprint. VdS Class 2 (pending) - UL type 1 (pending).
	EM2020		RotoBolt lock. 2 users. VdS Class 2 - UL type 1.
		/SW/ NC	Option with additional bolt micro switch (Normally Closed).
		/SW/ NO	Option with additional bolt micro switch (Normally Open).
	EM3520		StraightBolt lock. 2 users. VdS Class 2 - UL type 1.
		/M4	Option with M4 threaded holes in the bolt.
		/SW/ NC	Option with additional bolt micro switch (Normally Closed).
		/SW/ NO	Option with additional bolt micro switch (Normally Open).
	EM3520/S		SpringBolt lock. 2 users.
		/SW/ NC	Option with additional bolt micro switch (Normally Closed).
		/SW/ NO	Option with additional bolt micro switch (Normally Open).

Pulse locks (10 users)

PRODUCT	CODE	OPT.	DESCRIPTION
	UR4050		Universal RotoBolt lock. 10 users. Half size standard footprint. VdS Class 2 (pending) - UL type 1 (pending).
	EM2050		RotoBolt lock. 10 users. VdS Class 2 - UL type 1.
		/SW/ NC	Option with additional bolt micro switch (Normally Closed).
		/SW/ NO	Option with additional bolt micro switch (Normally Open).

PRODUCT	CODE	OPT.	DESCRIPTION
	EM3550		StraightBolt lock. 10 users. VdS Class 2 - UL type 1.
		/M4	Option with M4 threaded holes in the bolt.
		/SW/ NC	Option with additional bolt micro switch (Normally Closed).
		/SW/ NO	Option with additional bolt micro switch (Normally Open).
	EM3550/S		SpringBolt lock. 10 users.
		/SW/ NC	Option with additional bolt micro switch (Normally Closed).
		/SW/ NO	Option with additional bolt micro switch (Normally Open).
	EM3050		MotorDrive. Automatic closing. 10 users. VdS Class 2 - UL type 1.
		/SW/ NC	Option with additional bolt micro switch (Normally Closed).
		/SW/ NO	Option with additional bolt micro switch (Normally Open).
	EM6050		MotorLock. Automatic closing. 10 users. VdS Class 2 - UL type 1.
		/C	Option for manual closing from keypad.
		/E	Option with lever for emergency opening.
		/SW/ NC	Option with additional bolt micro switch (Normally Closed).
		/SW/ NO	Option with additional bolt micro switch (Normally Open).

Pulse accessories and spare parts

PRODUCT	CODE	DESCRIPTION
	N2220	Standard membrane foil keypad.
	N2220/GR	Rubber membrane foil keypad in grey colour.
	N2220/BR	Rubber membrane foil keypad in black colour.
	NL1000	Pulse/Pulse PRO mounting adapter.
	N2335	Battery compartment lid for Puls/Pulse PRO keypad.
	N2304	Connection cable Keypad – Lock for Pulse/Pulse PRO (not suitable for Pulse MotorLocks)
	N2324	Connection cable Keypad – Lock for Pulse (only for Pulse MotorLocks)
	L41040/SH	Shielded connection cable Keypad – Lock for Pulse/Pulse PRO (not suitable for Pulse MotorLock)
	N047	9 V alkaline battery.
	N061	9 V lithium battery.
	N077	Battery box for one 9 V battery. Dimensions w 80 x d 50 x h 20 mm.
	N077/A	Battery box for one 9 V battery with alarm interface. Dimensions w 80 x d 50 x h 20 mm.
	T6005	Power supply interface (12 Vdc) with alarm interface. Dimensions w 80 x d 50 x h 20 mm. Requires the N1212 regulated power supply.
	T6005/W	Power supply interface (12 Vdc) without alarm interface. Dimensions w 80 x d 50 x h 20 mm. Requires the N1212 regulated power supply.
	T7005	Alarm interface with VdS certification.

PRODUCT	CODE	DESCRIPTION
	L4001	Large battery box. Holds 6 size C 1.5 V batteries (batteries not included). Dimensions w 185 x d 60 x h 30 mm.
	N005	1.5 V alkaline battery. Size C.
	N1212	Regulated power supply 12 Vdc, 0.8A.
	N1982	User Dallas key.
	N1982/P	User Dallas key with custom programming.
	L2666	Knob with 6 mm square spindle for StraightBolt and SpringBolt locks.
	N2689/C	6 mm square spindle. Length 100 cm.
	L2301	Handle in satin chrome metal without spindle.
	L2301/S	Handle in satin chrome metal with 8 mm square spindle.
	N203	3 ways boltwork with mounting plate and relocking. Mounting: screws or welding.
	N902	Lock mounting plate.

DUET

Main features

Keypad	Lock (2 users)	Lock (10 users)
<ul style="list-style-type: none"> • Integrated dial and keypad • Red LED • Buzzer • Battery compartment • Power <ul style="list-style-type: none"> • 9V alkaline battery • large battery box • power supply 	<ul style="list-style-type: none"> • 1 manager • 1 user • 4 wheel anti-manipulation mechanical override • Time delay 1 - 99 minutes • Open window 1 - 19 minutes • Penalty • Standard footprint. 	<ul style="list-style-type: none"> • 1 manager • 8 users • 1 override user • 4 wheel anti-manipulation mechanical override • Time delay 1 - 99 minutes • Open window 1 - 19 minutes • Silent alarm • Remote disable opening • Penalty • Dual mode • Standard footprint.

Duet keypads

PRODUCT	CODE	OPT.	DESCRIPTION
	DB2010		DualBasic Entry. ABS bright chrome. Dial in metal.

Duet locks (2 users)

PRODUCT	CODE	OPT.	DESCRIPTION
	RR4020		Redundant RotoBolt lock for Duet keypad. 4 wheel anti-manipulation mechanical override. 2 users.
	DL4020		Redundant StraightBolt lock for Duet keypad. 4 wheel anti-manipulation mechanical override. 2 users.

Duet locks (10 users)

PRODUCT	CODE	OPT.	DESCRIPTION
	DL4050		StraightBolt lock for Duet keypad. 4 wheel anti-manipulation mechanical override. 10 users.

Duet accessories and spare parts

PRODUCT	CODE	DESCRIPTION
	N047	9 V alkaline battery.
	N061	9 V lithium battery.
	N077	Battery box for one 9 V battery. Dimensions w 80 x d 50 x h 20 mm.
	N077/A	Battery box for one 9 V battery with alarm interface. Dimensions w 80 x d 50 x h 20 mm.
	T6005	Power supply interface (12 Vdc) with alarm interface. Dimensions w 80 x d 50 x h 20 mm. Requires the N1212 regulated power supply.
	T6005/W	Power supply interface (12 Vdc) without alarm interface. Dimensions w 80 x d 50 x h 20 mm. Requires the N1212 regulated power supply.
	T7005	Alarm interface with VdS certification.
	L4001	Large battery box. Holds 6 size C 1.5 V batteries (batteries not included). Dimensions w 185 x d 60 x h 30 mm.
	N005	1.5 V alkaline battery. Size C.
	N1212	Regulated power supply 12 Vdc, 0.8A.
	N2689/C	6 mm square spindle. Length 100 cm.
	L2301	Handle in satin chrome metal without spindle.
	L2301/S	Handle in satin chrome metal with 8 mm square spindle.
	N203	3 ways boltwork with mounting plate and relocking. Mounting: screws or welding.
	N902	Lock mounting plate.

PULSE PRO

Main features

Keypad	Lock	
<ul style="list-style-type: none">• Red LED• Buzzer• Keypad test• Battery compartment• Battery level test• Buzzer silencing function• 12 function keys• Compatible with digital locks• Compatible with analogue locks• Power<ul style="list-style-type: none">• 9V alkaline battery• large battery box• power supply	<ul style="list-style-type: none">• 2 Masters• 2 Managers• 49 users• 10 override users• Codes expiry• Time delay 1-99 minutes• Open window 1-19 minutes• Silent alarm• Remote disable opening• Remote time delay override• Door open alarm• Bolt status output• Penalty	<ul style="list-style-type: none">• Dallas Keys• Dual code mode• Audit trail with date and time (up to 5500 events)• Automatic DST• Pre-programmed configurations (more than 80)• Fully configurable by keypad• Hotel mode• Master reset• Hardware reset• ERC – Emergency Rescue Code

Pulse PRO keypads

PRODUCT	CODE	OPT.	DESCRIPTION
	T6630		Pulse PRO keypad in metal. Satin chrome colour. VdS Class 2 (pending) - UL type 1 (pending).
		/DL	Option with Dallas key reader.
		/GRP	Option with rubber membrane foil keypad in grey colour.
	T3300		Rotating back plate kit for Pulse and Pulse PRO keypads. It transforms the Pulse/Pulse PRO keypad in a rotating keypad. To be used with StraightBolt and SpringBolt locks.

Pulse PRO locks

PRODUCT	CODE	OPT.	DESCRIPTION
	T4800		RotoBolt lock for Pulse PRO keypads. VdS Class 2 (pending) - UL type 1 (pending).
		/SW/NC	Option to connect in series an external additional micro switch not supplied (Normally Closed).
		/SW/NO	Option to connect in series an external additional micro switch not supplied (Normally Open).
	T4800/D		StraightBolt lock for Pulse PRO keypads. VdS Class 2 (pending) - UL type 1 (pending).
		/M4	Option with M4 threaded holes in the bolt.
		/SW/NC	Option with additional bolt micro switch (Normally Closed).
	T4800/S		SpringBolt lock for Pulse PRO keypads.
		/SW/NC	Option with additional bolt micro switch (Normally Closed).
		/SW/NO	Option with additional bolt micro switch (Normally Open).
	T4800/M		MotorLock for Pulse PRO keypads. Automatic closing. VdS Class 2 (pending) - UL type 1 (pending).
		/E	Option with lever for emergency opening.
		/SW/NC	Option with additional bolt micro switch (Normally Closed).
	T4800/M/S		Motor SpringBolt lock for Pulse PRO keypads.
		/SW/NC	Option with additional bolt micro switch (Normally Closed).
		/SW/NO	Option with additional bolt micro switch (Normally Open).

Pulse PRO accessories and spare parts

PRODUCT	CODE	DESCRIPTION
	N2220/PRO	Standard Pulse PRO membrane foil keypad.
	N2220/GRP	Pulse PRO rubber membrane foil keypad in grey colour.
	NL1000	Pulse/Pulse PRO mounting adapter.
	N2335	Battery compartment lid for Puls/Pulse PRO keypad.
	N2304	Connection cable Keypad – Lock for Pulse/Pulse PRO
	L41040/SH	Shielded connection cable Keypad – Lock for Pulse/Pulse PRO
	N047	9 V alkaline battery.
	N061	9 V lithium battery.
	N077	Battery box for one 9 V battery. Dimensions w 80 x d 50 x h 20 mm.
	N077/A	Battery box for one 9 V battery with alarm interface. Dimensions w 80 x d 50 x h 20 mm.
	T6005	Power supply interface (12 Vdc) with alarm interface. Dimensions w 80 x d 50 x h 20 mm. Requires the N1212 regulated power supply.
	T6005/W	Power supply interface (12 Vdc) without alarm interface. Dimensions w 80 x d 50 x h 20 mm. Requires the N1212 regulated power supply.
	T7005	Alarm interface with VdS certification.
	L4001	Large battery box. Holds 6 size C 1.5 V batteries (batteries not included). Dimensions w 185 x d 60 x h 30 mm.

PRODUCT	CODE	DESCRIPTION
	N005	1.5 V alkaline battery. Size C.
	N1212	Regulated power supply 12 Vdc, 0.8A.
	N1982	User Dallas key.
	N1982/P	User Dallas key with custom programming.
	N42180/T	USB interface.
	N42170/D	Dallas keys reader with molex connector.
	N1996RM	Magnetic Dallas key for audit and setup.
	N42170/M	Magnetic Dallas key connection cable for audit.
	L4002/RB	Reset box.
	L2666	Knob with 6mm square spindle for StraightBolt and SpringBolt locks.
	N2689/C	6 mm square spindle. Length 100 cm.
	L2301	Handle in satin chrome metal without spindle.
	L2301/S	Handle in satin chrome metal with 8 mm square spindle.
	N203	3 ways boltwork with mounting plate and relocking. Mounting: screws or welding.
	N902	Lock mounting plate.

Main features

Keypad

- Display 16x2
- Green/red LED
- Buzzer
- Battery compartment
- Keypad test
- Dallas reader
- Power:
 - 9V alkaline battery
 - large battery box
 - power supply

Lock

- Manager
- 28 Users
- Override user
- Time delay 1- 99 minutes
- Open window 1-19 minutes
- Audit trail with date and time (up to 5500 events)
- Automatic DST
- Silent alarm and Remote disable opening or Remote time delay override
- Penalty
- Dallas keys
- Dual mode

DigiTech keypads

PRODUCT	CODE	OPT.	DESCRIPTION
	T9510		DigiTech keypad in metal. Black colour. VdS Class 2.
		/DL	Option with Dallas key reader.
		/BR	Option with rubber membrane foil keypad in black colour.
		/W	Option with coated circuit board for high humidity environments.

DigiTech locks

PRODUCT	CODE	OPT.	DESCRIPTION
	T5100		RotoBolt lock for DigiTech keypads. VdS Class 2.
		/SW/ NC	Option to connect in series an external additional micro switch not supplied (Normally Closed).
		/SW/ NO	Option to connect in series an external additional micro switch not supplied (Normally Open).
	T5100/D		StraightBolt lock for DigiTech keypads. VdS Class 2.
		/M4	Option with M4 threaded holes in the bolt.
		/SW/ NC	Option with additional bolt micro switch (Normally Closed).
		/SW/ NO	Option with additional bolt micro switch (Normally Open).

PRODUCT	CODE	OPT.	DESCRIPTION
	T5100/S		SpringBolt lock for DigiTech keypads.
		/SW/ NC	Option with additional bolt micro switch (Normally Closed).
		/SW/ NO	Option with additional bolt micro switch (Normally Open).
	T5100/M		MotorLock for DigiTech keypads. Automatic closing. VdS Class 2.
		/C	Option for manual closing from keypad.
		/E	Option with lever for emergency opening.
		/SW/ NC	Option with additional bolt micro switch (Normally Closed).
		/SW/ NO	Option with additional bolt micro switch (Normally Open).
	T5100/M/S		Motor SpringBolt lock for DigiTech keypads.
		/SW/ NC	Option with additional bolt micro switch (Normally Closed).
		/SW/ NO	Option with additional bolt micro switch (Normally Open).

DigiTech accessories and spare parts

PRODUCT	CODE	DESCRIPTION
	N2220	Standard membrane foil keypad.
	N2220/BR	Rubber membrane foil keypad in black colour.
	L3713	Battery compartment lid for DigiTech, MiniTech, TechMaster keypad.
	L41040/2	45 cm connection cable Keypad – Lock for DigiTech, MiniTech, TechMaster.
	L41040/2L	90 cm connection cable Keypad – Lock for DigiTech, MiniTech, TechMaster.
	L41040/2D	200 cm connection cable Keypad – Lock for DigiTech, MiniTech, TechMaster.
	L41040/2E	300 cm connection cable Keypad – Lock for DigiTech, MiniTech, TechMaster.
	L41040/2F	400 cm connection cable Keypad – Lock for DigiTech, MiniTech, TechMaster.
	N047	9 V alkaline battery.
	N061	9 V lithium battery.
	N077	Battery box for one 9 V battery. Dimensions w 80 x d 50 x h 20 mm.
	N077/A	Battery box for one 9 V battery with alarm interface. Dimensions w 80 x d 50 x h 20 mm.

PRODUCT	CODE	DESCRIPTION
	T6005	Power supply interface (12 Vdc) with alarm interface. Dimensions w 80 x d 50 x h 20 mm. Requires the N1212 regulated power supply.
	T6005/W	Power supply interface (12 Vdc) without alarm interface. Dimensions w 80 x d 50 x h 20 mm. Requires the N1212 regulated power supply.
	T7005	Alarm interface with VdS certification.
	L4001	Large battery box. Holds 6 size C 1.5 V batteries (batteries not included). Dimensions w 185 x d 60 x h 30 mm.
	N005	1.5 V alkaline battery. Size C.
	N1212	Regulated power supply 12 Vdc, 0.8A.
	N1982	User Dallas key.
	N1982/P	User Dallas key with custom programming.
	L2666	Knob with 6 mm square spindle for StraightBolt and SpringBolt locks.
	N2689/C	6 mm square spindle. Length 100 cm.
	N42180/T	USB interface.
	N42170/D	Dallas keys reader with molex connector.
	N42170/J	Dallas keys reader with jack connector.
	N1996	Dallas key for audit and setup.
	N1996RM	Magnetic Dallas key for audit and setup.
	L4002/RB	Reset box.
	L2301	Handle in satin chrome metal without spindle.
	L2301/S	Handle in satin chrome metal with 8 mm square spindle.
	N203	3 ways boltwork with mounting plate and relocking. Mounting: screws or welding.
	N902	Lock mounting plate.

MINITECH

Main features

Keypad

- Display 16x2
- Green/red led
- Buzzer
- Battery compartment
- Keypad test
- Dallas reader
- Power:
 - 9V alkaline battery
 - large battery box
 - power supply

Lock

- Master
- Manager
- 28 users
- 10 override users
- Dynamic codes
- Weekly time lock
- Opening and closing periods
- Immediate time lock
- Temporary time lock
- Time delay 1- 99 minutes
- Audit trail with date and time (up to 5500 events)
- Automatic DST
- Silent alarm and Remote disable opening
- Or Remote time delay override
- Penalty
- Dallas keys
- Dual mode

MiniTech keypads

PRODUCT	CODE	OPT.	DESCRIPTION
	T9520		MiniTech keypad in metal. Grey colour. VdS Class 2 - UL type 1.
		/DL	Option with Dallas key reader.
		/GR	Option with rubber membrane foil keypad in grey colour.
		/W	Option with coated circuit board for high humidity environments.

MiniTech locks

PRODUCT	CODE	OPT.	DESCRIPTION
	T5200		RotoBolt lock for MiniTech keypad. VdS Class 2 - UL type 1.
		/SW/ NC	Option to connect in series an external additional micro switch not supplied (Normally Closed).
		/SW/ NO	Option to connect in series an external additional micro switch not supplied (Normally Open).
	T5200/D		StraightBolt lock for MiniTech keypad. VdS Class 2 - UL type 1.
		/M4	Option with M4 threaded holes in the bolt.
		/SW/ NC	Option with additional bolt micro switch (Normally Closed).
		/SW/ NO	Option with additional bolt micro switch (Normally Open).

PRODUCT	CODE	OPT.	DESCRIPTION
	T5200/S		SpringBolt lock for MiniTech keypads.
		/SW/ NC	Option to connect in series an external additional micro switch not supplied (Normally Closed).
		/SW/ NO	Option to connect in series an external additional micro switch not supplied (Normally Open).
	T5200/M		MotorLock for MiniTech keypads. Automatic closing VdS Class 2 - UL type 1.
		/C	Option for manual closing from keypad.
		/E	Option with lever for emergency opening.
		/SW/ NC	Option with additional bolt micro switch (Normally Closed).
		/SW/ NO	Option with additional bolt micro switch (Normally Open).
	T5200/M/S		Motor SpringBolt lock for MiniTech keypads.
		/SW/ NC	Option with additional bolt micro switch (Normally Closed).
		/SW/ NO	Option with additional bolt micro switch (Normally Open).

MiniTech accessories and spare parts

PRODUCT	CODE	DESCRIPTION
	N2220	Standard membrane foil keypad.
	N2220/GR	Rubber membrane foil keypad in grey colour.
	L3713	Battery compartment lid for DigiTech, MiniTech, TechMaster keypad.
	L41040/2	45 cm connection cable Keypad – Lock for DigiTech, MiniTech, TechMaster.
	L41040/2L	90 cm connection cable Keypad – Lock for DigiTech, MiniTech, TechMaster.
	L41040/2D	200 cm connection cable Keypad – Lock for DigiTech, MiniTech, TechMaster.
	L41040/2E	300 cm connection cable Keypad – Lock for DigiTech, MiniTech, TechMaster.
	L41040/2F	400 cm connection cable Keypad – Lock for DigiTech, MiniTech, TechMaster.
	N047	9 V alkaline battery.
	N061	9 V lithium battery.
	N077	Battery box for one 9 V battery. Dimensions w 80 x d 50 x h 20 mm.
	N077/A	Battery box for one 9 V battery with alarm interface. Dimensions w 80 x d 50 x h 20 mm.

PRODUCT	CODE	DESCRIPTION
	T6005	Power supply interface (12 Vdc) with alarm interface. Dimensions w 80 x d 50 x h 20 mm. Requires the N1212 regulated power supply.
	T6005/W	Power supply interface (12 Vdc) without alarm interface. Dimensions w 80 x d 50 x h 20 mm. Requires the N1212 regulated power supply.
	T7005	Alarm interface with VdS certification.
	L4001	Large battery box. Holds 6 size C 1.5 V batteries (batteries not included). Dimensions w 185 x d 60 x h 30 mm.
	N005	1.5 V alkaline battery. Size C.
	N1212	Regulated power supply 12 Vdc, 0.8A.
	N1982	User Dallas key.
	N1982/P	User Dallas key with custom programming.
	L2666	Knob with 6 mm square spindle for StraightBolt and SpringBolt locks.
	N2689/C	6 mm square spindle. Length 100 cm.
	N42180/T	USB interface.
	N42170/D	Dallas keys reader with molex connector.
	N42170/J	Dallas keys reader with jack connector.
	N1996	Dallas key for audit and setup.
	N1996RM	Magnetic Dallas key for audit and setup.
	L4002/RB	Reset box.
	N1971/D	User Dallas key for Dynamic Codes (One Time Codes).
	N42180/D	USB interface for Dynamic codes. Includes <i>Dyama</i> Dynamic codes (One Time Codes) management software.

PRODUCT	CODE	DESCRIPTION
	N1971/P	Setup Dallas key for Dynamic Codes (One Time Codes).
	L2301	Handle in satin chrome metal without spindle.
	L2301/S	Handle in satin chrome metal with 8 mm square spindle.
	N203	3 ways boltwork with mounting plate and relocking. Mounting: screws or welding.
	N902	Lock mounting plate.

TECHMASTER

Main features

Keypad

- Display 16x2
- Green/red led
- Buzzer
- Battery compartment
- Keypad test
- Dallas reader
- Power:
 - 9V alkaline battery
 - large battery box
 - power supply

Lock

- 2 Master
- 2 Manager
- 1 Override Manager
- 89 users
- Dynamic codes
- Codes expiry
- Multi-lock system
- Time delay 1- 99 minutes
- Open window 1-19 minutes
- Variable time delay
- Dallas keys
- Silent alarm
- Remote disable opening
- Remote time delay override
- Penalty
- Input/output interface
- Remote management (TCP/IP, RS485)
- Dual mode users in groups
- Up to 3 weekly time lock
- Opening and closing periods
- Immediate time lock
- Temporary time lock
- Automatic DST
- Audit trail with date and time (up to 5500 events)

TechMaster keypads

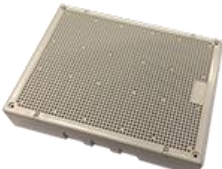

PRODUCT	CODE	OPT.	DESCRIPTION
	T9530		TechMaster keypad in metal. Satin chrome colour. VdS Class 2 - UL type 1.
		/DL	Option with Dallas key reader.
		/GR	Option with rubber membrane foil keypad in grey colour.
		/W	Option with coated circuit board for high humidity environments.
		/C	Option with connection kit to connect the TechMaster keypad to the T9355/B and T9355/IP/B interfaces.

TechMaster locks

PRODUCT	CODE	OPT.	DESCRIPTION
	T5300		RotoBolt lock for TechMaster keypads. VdS Class 2 - UL type 1.
		/SW/ NC	Option to connect in series an external additional micro switch not supplied (Normally Closed).
		/SW/ NO	Option to connect in series an external additional micro switch not supplied (Normally Open).

PRODUCT	CODE	OPT.	DESCRIPTION
	T5300/D		StraightBolt lock for TechMaster keypads. VdS Class 2 - UL type 1.
		/M4	Option with M4 threaded holes in the bolt.
		/SW/NC	Option with additional bolt micro switch (Normally Closed).
		/SW/NO	Option with additional bolt micro switch (Normally Open).
	T5300/S		SpringBolt lock for TechMaster keypads.
		/SW/NC	Option with additional bolt micro switch (Normally Closed).
		/SW/NO	Option with additional bolt micro switch (Normally Open).
	T5300/M		MotorLock for TechMaster keypads. Automatic closing VdS Class 2 - UL type 1.
		/C	Option for manual closing from keypad.
		/RC	Option for closing triggered by an external signal.
		/E	Option with lever for emergency opening.
		/SW/NC	Option with additional bolt micro switch (Normally Closed).
		/SW/NO	Option with additional bolt micro switch (Normally Open).
	T5300/M/S		Motor SpringBolt lock for TechMaster keypads.
		/SW/NC	Option with additional bolt micro switch (Normally Closed).
		/SW/NO	Option with additional bolt micro switch (Normally Open).

TechMaster interfaces

PRODUCT	CODE	DESCRIPTION
	T9355	Input/Output interface. Cable not included (for cables, see L41040/XX cables at page 22). Dimensions w 140 x d 60 x h 30 mm.
	T9355/B	T9355 installed in a junction box.
	T9355/IP	Input/Output interface with TCP/IP module for remote management. Cable not included (for cables, see L41040/XX cables at page 22). Dimensions w 140 x d 60 x h 30 mm. Includes: Coren remote management software and Coren APP remote management app for Android devices (see page 21 to download it from Play Store).
	T9355/IP/B	T9355/IP installed in a junction box.

TechMaster accessories and spare parts

PRODUCT	CODE	DESCRIPTION
	N2220	Standard membrane foil keypad.
	N2220/GR	Rubber membrane foil keypad in grey colour.
	L3713	Battery compartment lid for DigiTech, MiniTech, TechMaster keypad.
	L41040/2	45 cm connection cable Keypad – Lock for DigiTech, MiniTech, TechMaster.
	L41040/2L	90 cm connection cable Keypad – Lock for DigiTech, MiniTech, TechMaster.
	L41040/2D	200 cm connection cable Keypad – Lock for DigiTech, MiniTech, TechMaster.
	L41040/2E	300 cm connection cable Keypad – Lock for DigiTech, MiniTech, TechMaster.
	L41040/2F	400 cm connection cable Keypad – Lock for DigiTech, MiniTech, TechMaster.
	T20016/T	Cabling interface (splitter) for Techmaster. To connect 2 or more locks (with more interfaces in cascade).
	N2334/01	90 cm connection cable Keypad (secondary connector) – Lock for TechMaster.
	N2341	Flexible metal conduit with PVC covering (100 cm length) and fixing.
	N047	9 V alkaline battery.
	N061	9 V lithium battery.
	N077	Battery box for one 9 V battery. Dimensions w 80 x d 50 x h 20 mm.
	N077/A	Battery box for one 9 V battery with alarm interface. Dimensions w 80 x d 50 x h 20 mm.
	T6005	Power supply interface (12 Vdc) with alarm interface. Requires the N1212 regulated power supply.
	T6005/W	Power supply interface (12 Vdc) without alarm interface. Requires the N1212 regulated power supply.
	T7005	Alarm interface with VdS certification.

PRODUCT	CODE	DESCRIPTION
	L4001	Large battery box. Holds 6 size C 1.5 V batteries (batteries not included). Dimensions w 185 x d 60 x h 30 mm.
	N005	1.5 V alkaline battery. Size C.
	N1212	Regulated power supply 12 Vdc, 0.8A.
	N1971	User Dallas key.
	L2666	Knob with 6 mm square spindle for StraightBolt and SpringBolt locks.
	N2689/C	6 mm square spindle. Length 100 cm.
	N42180/T	USB interface.
	T42146/J	Setup and audit cable for Techmaster.
	N42170/D	Dallas keys reader with molex connector.
	L4002/RB	Reset box.
	N1971/D	User Dallas key for Dynamic Codes (One Time Codes).
	N42180/D	USB interface for Dynamic codes. Includes <i>Dyama</i> Dynamic codes (One Time Codes) management software.
	N1971/P	Setup Dallas key for Dynamic Codes (One Time Codes).
	N10017/01	Open device with led and buzzer.
	N10017/02	Open device with led.
	L2301	Handle in satin chrome metal without spindle.
	L2301/S	Handle in satin chrome metal with 8 mm square spindle.
	N203	3 ways boltwork with mounting plate and relocking. Mounting: screws or welding.
	N902	Lock mounting plate.

TOUCH MANAGER

Lock

- 50 users (Dallas keys)
- Lock operated by a Dallas key (no keypad required)
- Easy programming by means of special programming Dallas keys
- Microswitch for bolt status (optional)
- Standard footprint

Touch manager locks

PRODUCT	CODE	OPT.	DESCRIPTION
	T4000		RotoBolt lock for Touch Manager system. It requires the TC0200 kit for the control.
		/SW/ NC	Option with additional bolt micro switch (Normally Closed).
		/SW/ NO	Option with additional bolt micro switch (Normally Open).
	T4000/D		StraightBolt lock for Touch Manager system. It requires the TC0200 kit for the control.
		/M4	Option with M4 threaded holes in the bolt.
		/SW/ NC	Option with additional bolt micro switch (Normally Closed).
	T4000/S		SpringBolt lock for Touch Manager system. It requires the TC0200 kit for the control.
		/SW/ NC	Option with additional bolt micro switch (Normally Closed).
		/SW/ NO	Option with additional bolt micro switch (Normally Open).
	T4000/M		MotorLock for Touch Manager system. Automatic closing. It requires the TC0200 kit for the control.
		/E	Option with lever for emergency opening.
		/SW/ NC	Option with additional bolt micro switch (Normally Closed).
	T4000/M/S		Motor SpringBolt lock for Touch Manager system. It requires the TC0200 kit for the control.
		/SW/ NC	Option with additional bolt micro switch (Normally Closed).
		/SW/ NO	Option with additional bolt micro switch (Normally Open).

Touch manager accessories and spare parts

PRODUCT	CODE	DESCRIPTION
	TC0200	Dallas key reader and cabling kit for Touch Manager locks.
	N162	Emergency power jack.
	N1971	Programming Dallas key (blue).
	N1971	Reset Dallas key (red).
	N1990	User Dallas key.
	N047	9 V alkaline battery.
	N061	9 V lithium battery.
	N077	Battery box for one 9 V battery. Dimensions w 80 x d 50 x h 20 mm.
	L2666	Knob with 6mm square spindle for StraightBolt and SpringBolt locks.
	L2301	Handle in satin chrome metal without spindle.
	L2301/S	Handle in satin chrome metal with 8mm square spindle.
	N203	3 ways boltwork with mounting plate and relocking. Mounting: screws or welding.
	N902	Lock mounting plate.

ELECTROMECHANICAL LOCKS

Lock

- No keypad required
- It opens when powered (power supply 9 V, 12 V, or 13,8 V)
- MotorLock version can also manage two different inputs, one for the opening and one for the closing
- Micro switch for bolt status
- Standard footprint

Electromechanical locks

PRODUCT	CODE	OPT.	DESCRIPTION
	UR2010		Electromechanical Universal RotoBolt lock.
	T4500		Electromechanical RotoBolt lock.
	T4500/D		Electromechanical StraightBolt lock.
		/M4	Option with M4 threaded holes in the bolt.
	T4500/S		Electromechanical SpringBolt lock.
	T4500/M		Electromechanical MotorLock. Automatic closing.
		/C	Option for manual closing from keypad.
		/E	Option with lever for emergency opening.
	T4500/M/S		Electromechanical motor SpringBolt lock.

Electromechanical locks accessories and spare parts

PRODUCT	CODE	DESCRIPTION
	L2666	Knob with 6 mm square spindle for StraightBolt and SpringBolt locks.
	L2301	Handle in satin chrome metal without spindle.
	L2301/S	Handle in satin chrome metal with 8 mm square spindle.
	N203	3 ways boltwork with mounting plate and relocking. Mounting: screws or welding.
	N902	Lock mounting plate.

MECHANICAL LOCKS

Changeable key lock

Lock

- 4 wheels mechanical anti-manipulation changeable key lock
- Round keys of three different working lengths: 75 mm, 100 mm and 125 mm
- Standard footprint

PRODUCT	CODE	OPT.	DESCRIPTION
	KL3909		4 wheels changeable key lock. VdS Class 2 - UL type 2.

Changeable key lock accessories and spare parts

PRODUCT	CODE	DESCRIPTION
	L2217	Set of 2 Keys. Random cut. Working length 75 mm.
	L2218	Set of 2 Keys. Random cut. Working length 100 mm.
	L2242	Set of 2 Keys. Random cut. Working length 125 mm.
	L2226	Metal key hole escutcheon with cover for keys L22XX.
	L2226/D	Metal key hole escutcheon with cover for double bitted keys.

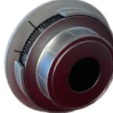

Mechanical combination locks

Lock

- Manipulation resistant 3 wheels mechanical combination lock.
- Square spindle.
- The lock can be mounted in all four directions (RH, LH, VU, VD) without removing the back cover: the result is an easier and fast installation.
- Smaller "forbidden zone" for the third number of the combination (0-10 in spite of 0-20)
- Optional auxiliary bolts for three-way locking.
- Standard footprint.

PRODUCT	CODE	OPT.	DESCRIPTION
	ML6740		3 wheels mechanical combination lock. Suitable for 6 mm square spindle. VdS Class 2 - UL Group 2M.

Mechanical combination locks accessories and spare parts

PRODUCT	CODE	DESCRIPTION
	ML6790	Vertical auxiliary bolts for mechanical lock.
	MD6060	No-spy mechanical dial. ABS. Black. Ø 92.5 mm. Includes 6 mm square spindle (length 155 mm).
	MD5060	No-spy mechanical dial. Metal. Matt chrome. Ø 92.5 mm. Includes 6 mm square spindle (length 155 mm).
	MD7060	No-spy mechanical dial. ABS. Matt chrome. Ø 92.5 mm. Includes 6 mm square spindle (length 155 mm).
	CS1780	Mechanical dial. Metal. Matt chrome. Ø 92.5 mm. Includes 6 mm square spindle (length 155 mm).

N.B. in some products certain functions must be requested at time of purchase.

GENERAL TERMS OF SALES

- 1) Validity of the general terms of sale** All sales of Tecnosicurezza products shall be deemed to have been carried out in accordance with these general terms of sale and every placing of a Purchase Order to Tecnosicurezza implies express acceptance of these general terms on the part of the purchaser, even if the text of the general terms of sale has not been duly signed and returned by the purchaser to Tecnosicurezza. Any departure from or changes to the general terms of sale shall have legal effect only if expressly accepted in writing by the seller.
- 2) Orders and offers** Orders placed by the purchaser with the seller amount to contractual offers and cannot be revoked by the purchaser for a period of 30 days from their receipt by the seller. Offers sent by the seller for the products and the prices indicated therein shall be valid for a period of 30 days from the time of their receipt by the addressee, provided no other specific term is indicated. The contract of sale shall be deemed concluded only when the confirmation of the order is sent by the seller, or by the performance of delivery of the products.
- 3) Subject matter of the sale** The sale comprises only the goods and performance of actions specified in the order as may be confirmed in the order confirmation; each additional performance shall be the subject of a new contract.
- 4) Prices** The selling prices are those that shall be indicated in Tecnosicurezza's current price list. The aforesaid prices shall be "ex works" and net of taxes and duties, which may be added to the contractual price.
- 5) Delivery and transportation** The delivery terms are in no case essential for the validity of the contract. The purchaser accepts that any delay in delivery of the goods with respect to the date approximately indicated may in no case give rise to claims or to the requirement to pay compensation for damages. In any case delivery is subject to prompt settlement of sums agreed and already due. The risk of transport of the assets shall be borne by purchaser.
- 6) Payments** Payments shall be made at the time of delivery of the goods, and only and exclusively to agents expressly authorised by the seller, unless the contract expressly provides for some other method of payment. In the event of failure to make payment, even only partially, by the established due dates, the very failure to make the payment of itself, and hence with no need for any express placing in default, shall mean: a) that the purchaser shall owe the seller delay interest at the European Central Bank rate as of the most recent financial transaction on the first natural day of the current year (as indicated in the Official State Bulletin) plus 7 percentage points, from the due date to the date of actual settlement; b) the seller may stop any further supplies forthwith even if they relate to other contracts; c) the purchaser may be requested to pay immediately any other pending sums, with the seller thus being entitled to demand immediate payment of the whole debt due for all supplies carried out and not yet settled for all different contracts of sale concluded with the buyer, d) the seller shall have the right to demand of the purchaser, in addition to delay interest provided for in the previous

paragraph, all costs incurred for the collection of the receivables, as a consequences of the failure to make payment.

- 7) Complaints about the goods** The purchaser is bound to check the identity of the products delivered as against those indicated in the order and to verify that they have the contractually agreed characteristics, while being under a duty to report any failings and/or defects by fax, annexing a stamped copy of the delivery document for the goods as signed by the carriers, sending a copy to the seller within 15 days of delivery of the goods in question, where after such term has elapsed with no report or complaint having being made, no action can be brought with regard to the delivery of the goods. In any case the liability of the seller for any fault or defects or for poor quality of the goods will be limited to the duty to replace those actually affected in relation to what was contractually agreed, within a reasonable time, with the remedy of compensation for any further damages expressly excluded.
- 8) Guarantee** The product guarantee is for 24 months from delivery and does not include the assembly or disassembly of the products considered defective, nor does it extend to damages consequential upon incorrect or unsuitable use of the products, with the obligation only being to repair or to replace any defective products. In any case the products considered defective shall be returned to the seller's premises for testing, for repair or for replacement if necessary. The purchaser is responsible for the cost of shipping the defective item to us. The seller does not guarantee the products if the tests show they have been modified, altered or repaired by persons not expressly authorised to do so.
- 9) Returned goods** The seller shall not for any reason accept returns of goods unless the parties have an express written agreement to this effect. The only returned goods that may be accepted shall be defective goods, provided that the report of the defect has been made in the terms and manner provided for in article 7 of the general terms of sale.
- 10) Competent court and applicable law** The parties agree that any disputes of any kind relating to this contract shall be a matter for Italian law and shall be for the exclusive competence of the Court of Verona, with the exclusion of any other court of jurisdiction that may be competent to hear the case.

UR4050	Universal RotoBolt lock. 10 users.	4

NOTES

This image shows a full page of blank, lined paper. It features approximately 30 horizontal grey lines spaced evenly apart, typical of notebook paper. The lines extend across the entire width of the page, leaving small margins at the top and bottom. There are no vertical lines or other markings present.

This image shows a full page of blank, lined paper. It features approximately 30 evenly spaced horizontal grey lines across its entire width, typical of notebook or school paper. The background is white, and there are no margins, text, or other markings present.
